

You can save the life of an unborn child.

“The Lord is doing a mighty work through the staff at HOPE.”

—Bill and Shirley Raye Redmond, Donors

Dear Friend,

When a young girl walks through the doors of HOPE Pregnancy Center, she enters afraid and unsure. Facing an unplanned pregnancy is terrifying...and there is good reason to be nervous.

Nothing can change your life like a new baby. For women who aren't ready for a baby, the change is very threatening.

Questions will race through her head: *What will happen to me? What will I tell my parents? What will I tell my partner? What will happen to my career? Will I be judged? Will I lose my chance to go to college? How will I pay for diapers? Is my life completely over?*

Unfortunately, these intense feelings and fears lead many women to make a decision that they might regret deeply, to have an abortion. In the United States, one out of every four babies conceived is aborted. According to the Centers for Disease Control and Prevention, 43% of American women will undergo at least one abortion by the age of 45. Every 20 seconds another baby is killed.

At HOPE Pregnancy Center, we offer confidential information and support to women who are facing unplanned pregnancies. We believe the solution to an unplanned pregnancy is to eliminate the crisis, not the child.

When a woman who is considering abortion visits a crisis pregnancy center, 40% of the time she will choose life for her unborn child.

During the past two years, HOPE Pregnancy Center has ministered to over 900 women and teenagers.

We offer free pregnancy tests, parent mentoring, counseling, post abortion support and material assistance, like clothing, diapers, bottles, strollers and cribs.

We are committed to giving women the support they need to carry their baby to term.

And we need your help...

over, please...

**With your support, and the support of others in her community,
she can find the strength to choose life.**

Every day we take a hands-on role to save the lives of unborn children and make a difference in the mother's life. But, we know there's only so much we can do alone. That's why we need the support and help of people like you.

Please fill out the enclosed pledge certificate today. Your generous pledge is what makes it possible for us to provide support to local women.

Women who are facing unplanned pregnancies come to us looking for information that they can trust. In a confidential and respectful setting, we answer their questions about adoption, pregnancy and childbirth, the morning after pill and abortion.

Our clients appreciate that they feel welcomed, never judged, and that they can count on getting help in any situation.

Many mothers are in need of financial assistance as well as guidance. They often benefit from our **"Baby Bucks" Program.**

When mothers take advantage of our parent-mentoring program, and pursue learning and personal growth opportunities, they earn **"Baby Bucks"** that they can spend in our baby boutique. For example, a mother can read seven books to her child and earn enough Baby Bucks to buy two baby outfits. By obtaining a GED or diploma, a mother will earn enough Baby Bucks to buy a crib mattress.

Yes, your pledge will buy the necessities that a mother will need to raise a child like diapers, bottles, cribs and clothes. But more importantly, when you donate to HOPE Pregnancy Center, you are giving a woman the support she desperately needs during this vulnerable time in her life.

She will know that people care for her no matter what she decides, and will be there for her if she decides to carry her child to term.

Please consider making a generous pledge to HOPE Pregnancy Center. You probably have deep feelings about the abortion issue, and this is a way to directly impact a woman's decision.

Sincerely,

Rebecca Wilhoit
Executive Director of HOPE Pregnancy Center

P.S. **DON'T DELAY.** Your donation will help save an unborn life, and the life of that child's mother. When you pledge \$50, you can buy several months worth of diapers. When you donate \$100, you could be providing a crib or car seat to a child. **Any amount that you can give will make a difference. We also accept gently used baby items.**
